What are Micro-Campuses and why do we have them?

A Church With U Micro-Campus is a small group of 20-40 people. These groups exist to:

1.) Welcome new people into Church With U. Every Sunday we are seeing 850 plus people engage our online services, and we want to continue to help move people from a large digital platform to a smaller group of people where they can be known, prayed for, and cared for in practical ways.

2.) Help current (and new) Church With U members stay in a weekly rhythm (habit) of Sunday morning church attendance, corporate prayer, and the group night connection and relationships.

3.) Provide opportunities for everyone to continue moving through the Church With U Virtual Funnel of An Empty Seat Is A Big Deal (Virtual Online Experiences; invite and share on social media), We Can't Do Life Alone (Micro-Campus Experience/Connect Groups), Growing People Change (Virtual Next Steps), and Saved People Serve People (lead/serve in a Micro-Campus).

What does a Micro-Campus do each week?

Each Micro-Campus will have two main connection points (Zoom calls) each week - Sunday morning before service and normal connect group time.

Sunday Morning: 30 minutes before our online service begins, each Micro-Campus will gather for a short time of connection, inspiring testimonies, and prayer. Think of this as a personal connection with Church With U folks in the lobby before our services start! Once this call is over, you can jump over to Facebook; YouTube or www.churchwithu.com and join our campus pastors in our virtual lobby!

Normal Group Night: These weekly gatherings will take on a variety of forms:

- Processing the message from Sunday morning
- Processing updates and information from Church With U
- Sharing updates, prayer requests, and praying for each other
- Having fun, facilitating relationships, playing games!

Besides these two main connection points, Micro-Campuses are encouraged and equipped to have regular, ongoing communication as we share life together.

How can I join a Micro-Campus?
